# TROY'S TIMELY TRUTHS

**TROY'S TWO NURSERIES** in Westchester County comprise well over one hundred and twenty acres, where a complete inventory of Nursery Stock is both grown and on display.

**TROY'S GARDEN NURSERIES** are so situated as to serve with convenience Greenwich, Fairfield, and the northern area of Westchester County.

**TROY'S NURSERIES, INC.**, in New Rochelle so located to care for our clientele in the southern section of the County.

**TROY'S NURSERIES** have for **ELEVEN** consecutive years won the Gold Medal for the finest display of **NURSERY STOCK** at the Westchester and Fairfield Horticultural Show.

**COMPETENT NURSERYMEN** and Heads of Landscape Department are always available and will gladly render such assistance and advice in the practical selection of plant material as may be desired. You may inspect our Nurseries on Sundays, but no stock will be dug.

**PRICES QUOTED** are for top grade Nursery Grown Stock and due to the care in producing same we are able to give a **ONE YEAR GUARANTEE**, subject however to climatic and physical conditions beyond our control. This guarantee does not include material moved from one Estate to another.

**IN MEASURING EVERGREENS** it is important to note that our method is to measure to the last whorl of branches, the leader or tip is not considered. This is decidedly to the advantage of our client.

## Evergreen and Deciduous Trees and Shrubs

### SPECIMEN FLOWERING SHRUBS

Your attention is called to the fact that in many of the more popular varieties of Flowering Shrubs, we are offering bushy specimens of 4' to 6' spread.

We have grown these shrubs with a view to producing an immediate effect and they are worthy of your inspection.

			10
		Each	Rate
<b>ABELIA grandiflora.</b>	<b>5'-6'</b>	<i>Glossy Abelia</i>	
<i>SEMI EVERGREEN.</i> Dainty neat shrub, with light pink flowers throughout summer, prefers a protected spot.

4	to 5	ft. B. & B. ....	2.50	
<b>melanocarpa. 10'</b>				<i>Black Chokeberry</i>
Blossoms in May, masses of white flowers, plant being covered with black berries in autumn.				
3	to 4	ft. B. & B. ....	1.50	1.25
4	to 5	ft. B. & B. ....	2.50	

AZALEA		Each	10 Rate
Certainly among the best and most valuable of our dwarf flowering shrubs, no garden is complete without a representation of these gay and vivacious little plants.			
alta clarense. 4'-6'		<i>The Yellow Azalea</i>	
Varying from pale yellow to deep buttercup yellow blooms borne in unusually large trusses giving a telling effect. Quite hardy and blooms regularly.			
2	to 2½ ft.	B. & B.....	3.50 3.25
2½	to 3 ft.	B. & B.....	4.50 4.25
amoena. 4'		<i>Amoena Azalea</i>	
EVERGREEN. Probably the hardiest of this type of Azalea, grows as broad as tall, habit compact, covered with magenta flowers in late spring.			
9	to 12 in.	B. & B.....	1.50 1.25
12	to 15 in.	B. & B.....	2.00 1.75
15	to 18 in.	B. & B.....	2.50 2.25
18	to 24 in.	B. & B.....	3.50
Large specimens		B. & B.....	10.00
calendulacea. 5'-6'		<i>Flame Azalea</i>	
One of the most striking and brilliant of our native Azaleas, color varying from deep yellow to deep bronzy red, requires acid soil.			
1½	to 2 ft.	B. & B.....	2.50 2.00
2	to 2½ ft.	B. & B.....	3.50 3.00
hinodigiri. 3'		<i>Hinodigiri Azalea</i>	
EVERGREEN. Dwarf bushy plant, foliage bright cheerful green, this is the scarlet Azalea so much in demand, has no suggestion of magenta in it, blooms in May.			
10	by 12 in.	B. & B.....	1.75 1.50
12	by 15 in.	B. & B.....	2.25 2.00
15	by 18 in.	B. & B.....	3.25 3.00
18	by 24 in.	B. & B.....	4.50 4.25
hinamoyo		<i>Hinamoyo Azalea</i>	
EVERGREEN. We consider this the most satisfactory of the type, hardy, blooms regularly, has a charm of color that no other Azalea has, bright clear pink without shading and does not fade. Recommended with confidence.			
12	to 15 in.	B. & B.....	2.50 2.25
15	to 18 in.	B. & B.....	3.50 3.25
18	to 24 in.	B. & B.....	4.50 4.25
ledifolia (Indica alba). 4'-5'		<i>Snow Azalea</i>	
SEMI-EVERGREEN. A very charming Azalea, large individual blooms borne in trusses, snow white, will stand more weather than is generally supposed, although it is at its best in protected spot.			
15	to 18 in.	B. & B.....	3.50 3.25
18	to 24 in.	B. & B.....	4.50 4.25
kaempferi. 3'		<i>Torch Azalea</i>	
Flowers vary from bright salmon pink to orange red, hardy.			
12	to 15 in.	B. & B.....	2.50 2.25
15	to 18 in.	B. & B.....	3.00 2.75

AZALEA			Each	10 Rate
macrantha. 3'-4'			<i>Macrantha Azalea</i>	
EVERGREEN. Has fine large red flowers with a touch of salmon, makes low growing bush, needs a sheltered position.				
15	to 18	in.	B. & B.....	3.75
mollis. 4'-5'			<i>Chinese Azalea</i>	
Large bell shaped flowers showing quite a wide color range, varying from light orange to deep red, beautiful but requires warm position.				
12	to 15	in.	B. & B.....	2.25 2.00
15	to 18	in.	B. & B.....	3.25 3.00
mucronulata. 5'-6'			<i>Dahurian Azalea</i>	
One of the very earliest, producing its welcome bloom about the same time as Forsythia, flowers of a pleasing lavender to rosy purple, slow grower.				
18	to 24	in.	B. & B.....	4.25 4.00
nudiflora. 6'-8'			<i>Pinxterbloom</i>	
Commonly known as "Wild Honseysuckle" and one of the most charming native plants that grow in our woodlands, color of a varying shade of pink according to location, does well also right in the open.				
18	to 24	in.	B. & B.....	2.75 2.50
2	to 2½	ft.	B. & B.....	3.25 3.00
2½	to 3	ft.	B. & B.....	3.75 3.50
nudiflora hybrids. 4'-5'				
Most interesting types, ranging in color from pale lemon to deep buttercup yellow, some are from deep pink to crimson, some are bronze, habit same as Nudiflora.				
12	to 18	in.	B. & B.....	2.75 2.50
18	to 24	in.	B. & B.....	3.50 3.25
2	to 2½	ft.	B. & B.....	4.25 4.00
vaseyi 8'-10'			<i>Pinkshell Azalea</i>	
One of the most lovely, of the palest pink color that truly looks like delicate pink shells, very hardy, blooms in May.				
15	to 18	in.	B. & B.....	3.25 3.00
18	to 24	in.	B. & B.....	3.75 3.50
viscosa. 8'-10'			<i>Swamp Azalea</i>	
Does not bloom until late June, pure white and offers the most delightful fragrance not unlike Jasmine, although generally, a native of damp boggy spots we have proved it quite successful in drier soils, likes acid condition.				
15	to 18	in.	B. & B.....	2.25 2.00
18	to 24	in.	B. & B.....	2.75 2.50
24	to 30	in.	B. & B.....	3.50 3.25
yodogawa. 4'-5'			<i>Orchid Azalea</i>	
Bushy shrub, blooms full and double, of lavender pink which entirely cover the plant.				
15	to 18	in.	B. & B.....	3.00 2.50
18	to 24	in.	B. & B.....	3.50 3.00

<b>CALLUNA. 6"-15"</b>				<i>Heather</i>
Compact low growing plant, useful for rockeries, protect first winter, does well on sunny slope, produces masses of bloom.				
aurea		Golden Heather		
carnea (herbacea)		Spring Heather		
mediterranea		Piscay Heather		
rigida		Brush Heather		
rubra		Red Heather		
tetralix		Silver Gray Heather		
vulgaris		Scotch Heather		
vulgaris alba		White Heather		
			.60	.50 .40
<b>CALCANTHUS floridus. 4'-5'</b>				<i>Sweetshrub</i>
Flowers, foliage and seed all give off spicy odor, large handsome foliage.				
2 to 3 ft.			.85	.80
3 to 4 ft.			1.10	.95
<b>CARAGANA arborescens. 5'-6'</b>				<i>Siberian Pea</i>
Upright habit, bears numbers of bright yellow pea shaped flowers in June, July, not well known, consequently, not appreciated as it should be.				
3 to 4 ft.	B. & B.		1.50	1.25
<b>CARPINUS betulus. 30'-40'</b>				<i>English Hornbeam</i>
Foliage like beech, makes good windbreak.				
3 to 4 ft.	B. & B.		1.50	1.25
4 to 5 ft.	B. & B.		3.00	2.75
5 to 6 ft.	B. & B.		4.00	
<b>CARYOPTERIS incana. 2'-3'</b>				<i>Bluebeard</i>
Flowers lavender blue, good for mass planting, protect in winter.				
18 to 24 in.	B. & B.		.85	.75
<b>CATALPA bungei. 10'-15'</b>				<i>Umbrella Catalpa</i>
Umbrella like head, good for formal planting.				
6 ft. stems, 1 to 2 year heads			2.50	2.00
6 ft. stems, 3 to 4 year heads			3.50	3.00
<b>CEDRUS atlantica. 60'-75'</b>				<i>Atlas Cedar</i>
<i>EVERGREEN.</i> Upright habit, bold and interesting specimen tree.				
6 to 8 ft.	B. & B.		10.00	to 15.00
<b>atlantica glauca. 50'-60'</b>				<i>Blue Atlas Cedar</i>
Tall stately tree with arms of blue foliage, makes a wonderful <i>EVERGREEN</i> specimen tree.				
6 to 8 ft.	B. & B.		12.00	to 18.00
<b>CERCIDIPHYLLUM japonicum. 60'-80'</b>				<i>Katsura Tree</i>
Attractive spring and fall coloring.				
5 to 6 ft.	B. & B.		5.00

4	to	5	ft. B. & B.....	1.25	1.10
CORYLOPSIS pauciflora. 2'-3'				Buttercup Winter Hazel	
Low bushy shrub, fragrant yellow, flowering early spring. Fine for rockery, profuse bloomer. Japan.					
1½	to	2	ft.	B. & B.....	3.75
sinensis. 6'-15'				Chinese Winter Hazel	
Flowers pale yellow, early. Very rare and desirable shrub. Central China.					
2	to	2½	ft.	B. & B.....	2.75

*Landscaped by Troy's*

<b>CORYLUS americana.</b> 8'-10'				<i>American Filbert</i>	
Tall growing spreading, shrub with roundish leaves and nuts standing out distinctly, the nuts are edible, in spring the branches are covered with catkins.					
4	to	5	ft.	.....	.85 .80
5	to	6	ft.	B. & B.....	1.50 1.25
<b>avellana atropurpurea.</b>				<i>Purpleleaf Filbert</i>	
A very conspicuous shrub with large dark purple leaves, fine for group planting or individual specimen.					
2	to	3	ft.	B. & B.....	3.50
<b>COTONEASTER acutifolia.</b> 8'-10'				<i>Pekin Cotoneaster</i>	
One of the hardiest members of this delightful family, upright, yet of a spreading twiggy habit which shows off its glossy black berries to great advantage.					
2	to	3	ft.	B. & B.....	1.00

COTONEASTER		Each	10 Rate	
<b>dielsiana.</b>	5'-6'	<i>Diel's Cotoneaster</i>		
Somewhat dwarfer than many of this group, but has delicate arching branches which when covered with bright scarlet berries is most attractive.				
2	to 3 ft.	B. & B.....	1.25	
<b>divaricata.</b>	4'-6'	<i>Spreading Cotoneaster</i>		
Worth a place in every garden, makes a specimen of great beauty, wide spreading habit, with scarlet fruits.				
2	to 3 ft.	B. & B.....	1.50	
<b>faveolata.</b>	8'-10'	<i>Pitted Cotoneaster</i>		
Strong grower of interesting irregular growth, brilliant black berries.				
2	to 3 ft.	B. & B.....	1.75	
<b>franchetii.</b>	7'-8'	<i>Franchet Cotoneaster</i>		
<i>SEMI EVERGREEN.</i> Handsome shrub, attractive foliage, orange red berries, fall coloring.				
2	to 3 ft.	B. & B.....	1.50	1.35
3	to 4 ft.	B. & B.....	2.25	2.00
<b>horizontalis.</b>	1'-1½'	<i>Rock Cotoneaster</i>		
<i>SEMI EVERGREEN.</i> Box-like shiny leaves, red berries, makes a good rock plant, or on banks where the spray-like branches make an ideal cover, should always be transplanted from pots.				
6 in. pots			1.25	1.00
<b>lucida.</b>	10'-12'	<i>Shiny Cotoneaster</i>		
Foliage remains dark green until late autumn, purplish black berries.				
2	to 3 ft.	B. & B.....	1.25	
<b>perpusilla.</b>	1'-2'	<i>Dwarf Rock Cotoneaster</i>		
<i>SEMI EVERGREEN.</i> This variety of the Rock Cotoneaster has smaller and almost trailing habit. It is extremely neat and very pretty in rock gardens.				
4 in. pots			1.10	1.00
6 in. pots			1.50	1.25
<b>simonsi.</b>	7'-8'	<i>Simon's Cotoneaster</i>		
<i>SEMI EVERGREEN.</i> A handsome shrub, at its best in fall, the long branches of orange-red berries make a fine addition to any planting, foliage good, autumn coloring.				
4	to 5 ft.	B. & B.....	2.00	
5	to 6 ft.	B. & B.....	3.00	
<b>CRATAEGUS cordata.</b>	20'-25'	<i>Washington Thorn</i>		
One of the best Hawthorn, white flowers in May, followed by large scarlet fruit which hold most all winter.				
5	to 6 ft.	B. & B.....	4.50	
6	to 8 ft.	B. & B.....	5.50	
<b>crusgalli.</b>	20'-25'	<i>Cockspur Thorn</i>		
The shiny green leaves make it unique among thorns, foliage turns orange in fall, along with red fruit make this tree one to be desired.				
3	to 4 ft.	B. & B.....	1.75	
4	to 5 ft.	B. & B.....	3.50	
5	to 6 ft.	B. & B.....	4.50

10	ft.			B. & B.....	22.50
11	ft.			B. & B.....	27.50
Larger specimens prices on application.					
<b>CYDONIA japonica. 6'-8'</b>				<i>Flowering Quince</i>	
Shrub with spreading spiny branches, flowers varying from creamy white to orange scarlet, a handsome shrub, with quince-like fruit having rose-like odor.					
18	to	24	in.	B. & B.....	.80 .75
2	to	2½	ft.	B. & B.....	1.25 1.10
2½	to	3	ft. heavy	B. & B.....	2.75
<b>DAPHNE cneorum. 1'</b>				<i>Rose Daphne</i>	
<i>EVERGREEN.</i> Unusually attractive dwarf bushy evergreen plant, the branches spread from crown, from a solid mass with bright pink fragrant flower at tip of every branch.					
6	to	9	in.	B. & B.....	.85 .80
9	to	12	in.	B. & B.....	1.25 1.10
12	to	15	in.	B. & B.....	1.75 1.50
<b>Mezereum. 4'</b>				<i>February Daphne</i>	
Small hardy shrub, blooming long before leaves appear, the stems are closely set with deep, red fragrant flowers.					
18	to	24	in.	B. & B.....	1.75
<b>DEUTZIA gracilis. 2'-3'</b>				<i>Slender Deutzia</i>	
A fine hardy dwarf shrub, forming a round compact mass of white flowers in June, makes a good hedge plant, leaves rough and pointed.					
15	to	18	in.		.85 .80
1½	to	2	ft.	B. & B.....	1.25 1.10
<b>gracilis rosea. 2'-3'</b>				<i>Rose Deutzia</i>	
A fine shrub open flower, does not resemble the above in growth, the small pink flowers are numerous and make a pleasing addition to any group planting where a low growing plant is required.					
1½	to	2	ft.		.85 .80
2	to	2½	ft.	B. & B.....	1.50 1.25
<b>lemoinei. 3'</b>				<i>Lemoine Deutzia</i>	
Rather low growing splendor arching plant, foliage bright green, large clusters of graceful white flowers freely produced.					
2	to	3	ft.		.85 .80

					10
DEUTZIA				Each	Rate
Pride of Rochester. 9'-10'				<i>Pink Deutzia</i>	
A profuse bloomer, large double white flowers, tinted pink, one of the best tall growing Deutzias, strong grower and early bloomer.					
3	to	4	ft.	.85	.80
4	to	5	ft.	1.00	.90
5	to	6	ft.	B. & B.	1.25
ELAEAGNUS angustifolia. 15'-18'				<i>Russian Olive</i>	
Silver gray leaves and branches, orange berries, likes sun, good for mass planting.					
3	to	4	ft.	1.00	.90
4	to	5	ft.	B. & B.	1.25
longipes. 6'-8'				<i>Cherry Eleagnus</i>	
Silver-gray leaves, fragrant yellow flowers, large red berries.					
2	to	3	ft.	1.00	.90
3	to	4	ft.	B. & B.	1.25
umbellata. 12'				<i>Autumn Eleagnus</i>	
Spreading shrub with yellowish brown branches, leaves silvery white beneath, fruit scarlet, ripens late.					
2	to	3	ft.	1.00	.90
3	to	4	ft.	B. & B.	1.25
ENKIANTHUS campanulatus. 10'-12'				<i>Redvein Enkianthus</i>	
A charming ornamental shrub, with drooping racemes of short yellowish or pale orange flowers, followed by decorative large fruit, very showy in autumn, brilliant yellow foliage, marked with red veins and strongly contrasting black berries.					
18	to	24	in.	B. & B.	3.50
EUONYMUS alatus. 9'-10'				<i>Winged Euonymus</i>	
Foliage is a fine rose color in autumn, branches are winged with corky layers.					
4	to	5	ft.	B. & B.	1.25
5	to	6	ft.	B. & B.	2.50
6	ft.	heavy specimens		B. & B.	3.50 to 5.00
alatus compacta. 4'				<i>Dwarf Winged Euonymus</i>	
Splendid for hedge or formal specimens, brilliant fall coloring.					
2	to	2½	ft.	1.25	
2½	to	3	ft.	1.50	
yedoensis. 8'-10'				<i>Yeddo Euonymus</i>	
Certainly a charming subject, one of the most interesting shrubs we have. Its strange beautiful soft pink, black and scarlet seed vessels seem almost unreal. Very hardy, does well in either full sun or semi-shade.					
3	to	4	ft.	1.00	
3	to	4	ft.	B. & B.	1.50
EXOCHORDA grandiflora. 6'-9'				<i>Pearl Bush</i>	
White pearl-like flower in the bud, opening to a dazzling white flower in May, likes moist soil.					
3	to	4	ft.	.85	.80
4	to	5	ft.	B. & B.	1.25
FAGUS americana. 80'-100'				<i>American Beech</i>	
A noble tree, with familiar gray bark particularly evident in winter, grows slowly.					
5	to	6	ft.	B. & B.	5.25
6	to	7	ft.	B. & B.	7.25
7	to	8	ft.	B. & B.	10.00

					10
FAGUS				Each	Rate
sylvatica. 80'-100'				European Beech	
Like all the Beech family, this requires well drained soil, has smaller and darker leaves than our native beech, slow grower.					
3	to	4	ft.	B. & B.....	2.75 2.50
4	to	5	ft.	B. & B.....	3.50 3.25
5	to	6	ft.	B. & B.....	5.50 5.25
sylvatica heterophylla. 30'-40'				Fernleaf Beech	
Foliage is deeply cut, producing a delightful fern-like appearance.					
2	to	3	ft.	B. & B.....	4.00
3	to	4	ft.	B. & B.....	5.00
sylvatica purpurea. 70'-80'				Purple Beech	
Makes a handsome and dignified specimen tree, with light rosy purple foliage.					
6	to	7	ft.	B. & B.....	10.00 9.50
7	to	8	ft.	B. & B.....	13.50 13.00
8	to	9	ft.	B. & B.....	17.50
sylvatica riversii. 70'-80'				River's Purple Beech	
The best type of Purple Beech, makes a charming and dignified specimen.					
4	to	5	ft.	B. & B.....	7.50 7.00
5	to	6	ft.	B. & B.....	9.00 8.50
6	to	7	ft.	B. & B.....	12.00 11.00
7	to	8	ft.	B. & B.....	15.00 14.00
sylvatica purpurea pendula.				Weeping Purple Beech	
Handsomest pendulous form of the Purple Beech, one of the most decorative "Weeping" trees.					
2	to	3	ft.	B. & B.....	3.50
3	to	4	ft.	B. & B.....	5.00
FORSYTHIA intermedia. 8'-9'				Border Forsythia	
This type has graceful arching branches, forces well for winter flower.

Best trained against a wall in warm position, bright clear yellow flowers, can be trained to act as a vine.

2 year pot plants.....	1.10	1.00
------------------------	------	------

JUNIPERUS

This interesting family is composed of many diverse types of plants, among them being prostrate, bush and erect forms. They are all evergreen, withstand weather well and with certain exceptions require well drained soil.

chinensis columnaris. 25'-30'

Column Chinese Juniper

Undoubtedly the best upright evergreen we have, extremely hardy, free from rust, grows rapidly into a compact perfectly shaped tree. Makes an excellent "accent" plant and will, we believe, entirely supersede the Common Cedar in many localities.

MĀLUS (Crab Apple)

The prices quoted below are for sturdy, well branched, and well rooted specimens, not to be confused with whips usually quoted in these sizes.

MALUS atro-purpurea. 12'–15'				<i>Carmine Crab</i>	
Tree literally covered with deep crimson flowers, vigorous grower.					
4	to	5	ft.	B. & B.....	3.00 2.75
5	to	6	ft.	B. & B.....	4.50 4.00
6	to	8	ft. specimens	B. & B.....	6.00 to 9.00

Landscaping by Troy's

eleyii. 12'-15'			<i>Eley's Crab</i>	
Of more recent introduction, consequently, not so well known, large reddish pink blooms, purple foliage, followed in fall by quite sizable scarlet fruit. Reports from England give this first place among the decorative crabs, worth a trial.				
5	to 6	ft.	B. & B.....	4.50 4.00
6	to 8	ft. specimens	B. & B.....	6.00 to 9.00
floribunda. 12'-15'			<i>Japanese Crab</i>	
Multitudes of small blooms, opening red, paling off to pale pink.				
5	to 6	ft.	B. & B.....	4.50 4.00
6	to 8	ft. specimens	B. & B.....	6.00 to 9.00

			10	
			Each	Rate
<b>MALUS</b>				
<i>ioensis plena.</i>	12'-15'			<i>Bechtel Crab</i>
makes a compact small tree, blooms very late, double pale pink, unusually fragrant.

5	to 6 ft.		2.50	
6	to 8 ft. specimens	B. & B.	4.50	
<b>glandulosa.</b>	<b>4'-5'</b>	<b><i>Flowering Almond</i></b>		
Such a light feathery little plant which is much in evidence in early spring with its masses of pink or white blossoms.				
1½	to 2 ft.		.85	.80

### JAPANESE CHERRIES

The prices quoted below are for Eastern grown Cherries, and all are well developed plants, with good branches and root systems. Not to be confused with whips usually quoted in these sizes.

PRUNUS				Each	10 Rate
amanagowa. 15'-20'				Upright Japanese Cherry	
Distinct upright form, can be p'anted much closer than the other varieties, semi double pink.					
4	to	5	ft.	B. & B.....	3.50
5	to	6	ft.	B. & B.....	4.50
James H. Veitch (Syn. Fugenzo) 25'-35'				Veitch's Double Pink Cherry	
Probably the best of all the Japanese Flowering Cherries, certainly the most reliable in this country. Blooms freely in early summer and again in autumn a second crop often appears. Large double soft pink blossoms resembling minia- ture roses. Do not prune severely.					
4	to	5	ft.	B. & B.....	3.50 3.00
5	to	6	ft.	B. & B.....	4.50 4.00
6	to	8	ft.	B. & B.....	6.50 6.00
8	to	10	ft. specimens	B. & B.....	10.00 8.50
10	to	12	ft. specimens	B. & B.....	15.00 13.00
12	to	14	ft. specimens	B. & B.....	20.00 17.50
subhirtella pendula. 12'-15'				Weeping Japanese Cherry	
Surely everybody knows this most beautiful plant with its graceful downward drooping branches covered with delicate fairy-like pale pink blossoms in spring. Even in winter when covered with snow the thin weeping branches are a delight. All grafted on tall stems.					
3	to	4	ft., grafted low	B. & B.....	4.25
2	year heads, 5'-6' ft. stems			B. & B.....	4.25
3	year heads, 5'-6' ft. stems			B. & B.....	5.25
4	year heads, specimens			B. & B.....	6.50 to 8.50
subhirtella pendula flore plena. 12'-15'				Double Flowering Weeping Cherry	
Similar to above in every respect except that the flowers are double, like "pompons." Entirely new. Blooms clear double pink.					
2	year heads, 5'-6' ft. stems			B. & B.....	4.50
3	year heads, 5'-6' ft. stems			B. & B.....	6.50
4	year heads, specimens			B. & B.....	7.50 to 8.50
triloba plena. 6'-8'				Double Flowering Plum	
Dwarf, but a little stronger than the Flowering Almond, blooms clear double pink.					
3	to	4	ft.	B. & B.....	1.50 1.25
PSEUDOTSUGA douglasi. 70'-80'				Douglas Fir	
EVERGREEN. For massive plantings, backgrounds, wind-breaks, or even as a specimen nothing excels the Douglas Fir. Bold, rapid, clean, handsome symmetrical shape it has all the requirements of a first rate tree. Likes well drained soil.					
4	ft.			B. & B.....	4.00 3.75
5	ft.			B. & B.....	5.25 5.00
6	ft.			B. & B.....	7.50 7.00
7	ft.			B. & B.....	9.75 9.00
PYRACANTHA coccinea				Scarlet Firethorn	
EVERGREEN. Makes an effective slow growing compact shrub with its dark green foliage and coral red berries, hardy, but seems to enjoy being planted among other shrubs which give some protection.					
In 14 in. tubs.....				3.50	

**PYRACANTHA** 10  
Each Rate  
**coccinea lalandi.** *Laland Firethorn*

*EVERGREEN.* Although it makes an effective shrub with its dark massive green foliage, it is only when treated as a semi climbing plant and trained against a wall or fence that its full enchantment develops. Always a thing of beauty, yet in autumn it seems to go one better when it covers itself with masses of rich orange-red berries which persist for a long while. A place should be found for this in every garden. Although perfectly hardy it does appear to do better with some planting around or near, difficult to move from the open ground.

English hybrids.

EVERGREEN. Any garden owner possessing a nice plasting of these lovely Rhododendrons is always envied by his friends. In almost every range of color except yellow, their large trusses of gorgeous colors stand out unique in any planting. Although many of these English Hybrids are quite hardy, yet they appear to appreciate a little care in the selection of their planting location and amply repay such care. They do best in semi-shade with a northern exposure, care should be taken to protect them from biting winds during the winter months. The varieties quoted below are of proven hardiness. Grafted plants.

## ROSES.

The Queen of all Flowers, and for which room must be found in even the smallest yard or garden.

Roses are quite a specialty with us, and in order to give our clients the best service possible we have by careful elimination cut the list down to a comparatively small one, retaining only those we consider to be likely to withstand the rigors of our northern climate. However, a good range of color will be found.

All our roses are budded on the Rosa Multiflora understock, we have proven this to be the hardiest and most satisfactory, roses budded on California understocks obviously cannot be expected to be a success under our cold conditions.

Roses should not be planted in sod or in ground already occupied by bulbs or other plants. Spade the earth deeply and enrich it with old, rotten manure; or if that is not to be had, use commercial sheep-manure and bonemeal liberally. When the digging is done, rake the bed level, leaving it 2 to 3 inches higher than it is to be eventually. The newly dug earth will settle.

Make a broad, shallow hole for each Rose, large enough to accommodate the roots without crossing or crowding them together. The plant should be set in the hole so that the roots all slope downward, away from it, and fine earth should then be worked among them. When the roots are covered, tamp the soil very lightly over them, using the feet, if necessary. Before filling the hole completely, see to it that the Rose is in exactly the place where it is wanted, and then firm the soil as it is put in, but leave an inch or so loose on top. Be careful not to set the plant too deep or too shallow. The conspicuous knot at the junction of the top and the root should be just at the surface of the leveled bed, or only slightly covered with soil. For Hybrid Tea Roses, 18 inches apart each way is enough space. If the weather is dry, water the bed very thoroughly after all the Roses have been planted, making sure that it soaks to the very bottom. And—this is important—prune back the tops of the Roses, either before or after planting, leaving only 4 to 6 inches of the stems above the ground.

Cultivate the bed weekly all summer and autumn, keep bugs and worms from the leaves, and there will be an abundance of flowers.

ROSES

Each10Rate

WINTER PROTECTION FOR BUSH ROSES.

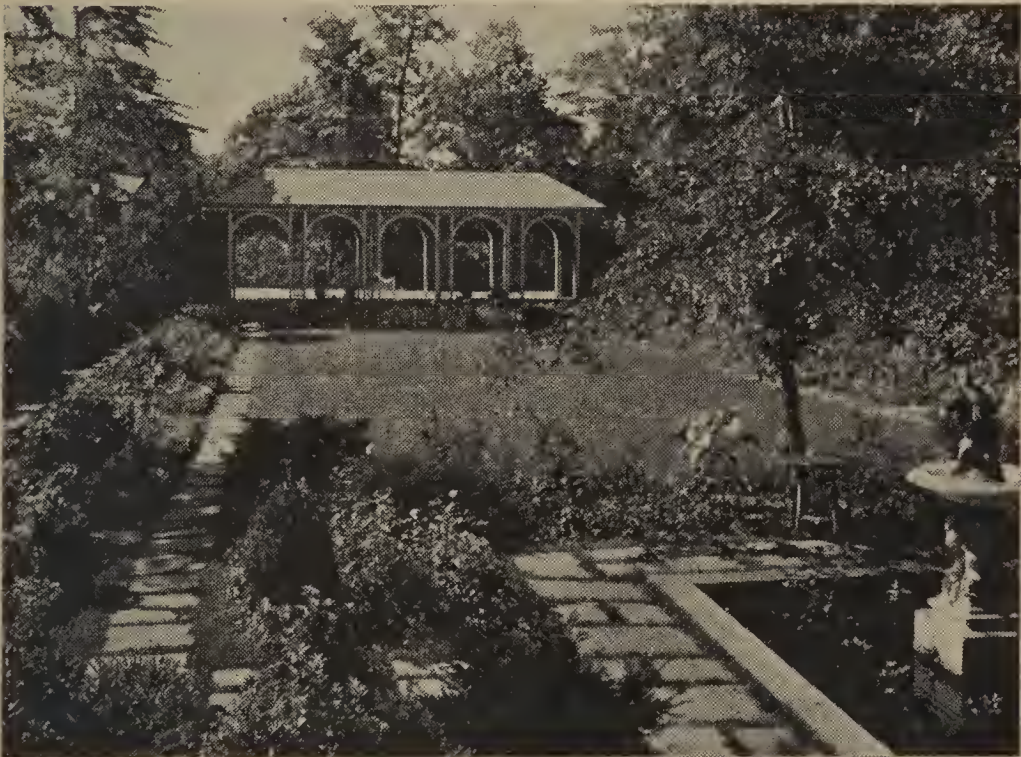

The most effective winter protection is afforded by banking up the soil around the plants to a depth of 10 to 12 inches, then filling in the gaps between the plants with well rotted cow- or stable-manure. (Salt hay or litter will do, but manure is ideal. In the spring, as soon as the frost is well out of the ground, throw back the soil from the plants on top of the manure (if hay or litter was used it must be picked off) and cut back the wood to 4 to 5 inches. Hard cutting means good-quality blooms and more of them.

BUSH ROSES H. T.

2 year field grown .....	.85	.80
2 year pot grown .....	1.00	.90

(Except roses under U. S. Plant Patent Regulations.)

- AMI QUINARD. Blackish crimson, opening to deep maroon crimson. One of the darkest roses.
- AUTUMN. Unusual, burnt orange buds, opening to medium sized yellow flowers streaked with red.
- BETTY UPRICHARD. One of the best garden Roses. Brilliant, shining satiny pink with deeper reverse.

Landscaping by Troy's

- BRIARCLIFF. An ideal amateur's Rose. Always good. Large, deep glowing pink blooms. Very free.
- CHAS. P. KILHAM. Large, finely shaped, orange-pink suffused with golden yellow, vigorous and hardy.
- CHATEAU DE CLOS VOUGET. Velvety blackish crimson.
- COLUMBIA. Large pink blooms of beautiful form.
- CONSTANCE. Golden yellow.
- COUNTESSE CASSAGNE. Rich satiny pink, deeper in center at times has a rich golden glow.
- CORAL BELLS. Polyantha type, very dwarf, makes a charming hedge. Delicate peach pink.
- CUBA. Glorious vermilion on orange ground.
- DAILY MAIL SCENTED. Medium sized, of the richest dark velvety maroon. Splashed scarlet.
- DAME EDITH HELEN. Soft Rose du Barri pink. Awarded Gold Medals in England, New York and Philadelphia.

BUSH ROSES H. T.	Each	10 Rate
DUCHESS OF ATHOLL. Handsome and striking, bronzy yellow tinged with old gold, requires extra protection but well worth it.		
DUCHESS OF WELLINGTON. Saffron-yellow, stained crimson.		
E. G. HILL. Excellent bedding and garden rose, bright full scarlet blooms borne on long erect stems, fine for cutting.		
EBLOISSANT. Dwarf Polyantha. Glowing crimson.		
ELSE POULSEN. Dwarf Polyantha. Clear bright rosy pink borne in large trusses, in bloom throughout the summer, makes a perfect low everblooming hedge.		
ETOILE DE HOLLANDE. Intense glowing scarlet. Judged best red by American Rose Society.		
FRANCES SCOTT KEY. Red, shading to cerise. Very full.		
GENERAL MacARTHUR. Deep velvety scarlet, shaded crimson.		
GEORGE C. WAUD. An uncommon color, being a mixture of crimson and gold, never fades.		
GLORIA MUNDI. Dwarf Polyantha, always in bloom, rich orange scarlet.		
GOLDEN DAWN. An Australian variety that has come to stay and has proven itself an ideal bedding rose. Flowers very full, clear bright yellow.		
GROSS AN AACHEN. Classified as a Polyantha yet resembles H. T. in many respects. Dwarf and compact, extremely free bloomer, hardy. Blooms of perfect shape, color peach pink with apricot shading.		
HILDÁ. An improved Betty Uprichard, being of similar color, more double and larger.		
JOANNA HILL. Fine clean healthy grower, perfect shape to all intents a "yellow Ophelia."		
KAISERIN AUGUSTA VICTORIA. An old rose but excellent being very full and of perfect form. Creamy white.		
KIRSTEN POULSEN. Dwarf Polyantha, one of the larger bloomed type makes a splendid low hedge, also as a massed bed it is ideal being always in flower. Bright red.		
LADY ALICE STANLEY. An old rose that still refuses to be displaced by others of more recent introduction. For cutting and bedding purposes it has no equal. Flesh pink and coral rose, almost immune from disease, a reliable "standby."		
LADY ASHTOWN. Pale carmine-pink, shaded golden yellow.		
MARGARET McGREDY. Large and distinct; Oriental red, passing to carmine-rose.		
MARIAN CRAN. Full double flowers of deep buttercup yellow with occasional red splashings, very full and vigorous. A gem.		
McGREDY'S SCARLET. Brilliant scarlet over yellow base, finely perfumed free flowering, and very little attacked by disease.		
MEVROUW G. A. VAN ROSSEM. Gorgeous coloring, vivid orange and scarlet predominating, at times flushed with salmon. Variable, seems to change color from the opening bud to complete bloom, rendering any description difficult.		
MME. BUTTERFLY. Brilliant pink, suffused apricot and gold.		
MME. EDOUARD HERRIOT. Brilliant orange with coral red.		

BUSH ROSES H. T.	Each	10 Rate
MME. JULES BOUCHE. A reliable old favorite, makes a good garden rose, foliage and habit perfect, pure white, sometimes has faint blush.		
MRS. A. R. BARRACLOUGH. Sparkling carmine-pink blooms of great size. Gold Medal Rose.		
MRS. AARON WARD. Deep Indian yellow.		
MRS. CHARLES LAMPLOUGH. Pale lemon-white buds, opening to fine, large, clear white blooms. One of the very best.		
MRS. E. PEMBROKE THOM. Probably the best clear yellow garden rose we have, vigorous and disease resistant, always in bloom.		
MRS. HENRY MORSE. Our experience with this variety has been of the most satisfactory kind, it seems to be always in bloom, of perfect shape and size. Color bright satiny pink, reverse carmine pink, blooms have very high pointed centers, plant particularly hardy.		
MRS. LOWELL SWISHER. High pointed center, glorious form. Rich apricot suffused with pink. Excellent grower.		
MRS. SAM MCGREDY. High centered, large full flowers of outstanding merit, coppery orange flushed red, has gained many awards.		
MRS. WAKEFIELD CHRISTIE-MILLER. Large peony-shaped flowers. Deep pink. Good in fall.		
OPHELIA. Light salmon-pink-flesh, shading to yellow-orange.		
PADRE. Coppery scarlet; lovely long petals; remarkably sweet-scented. One of the very best.		
PORTADOWN FRAGRANCE. Of recent introduction, highly pointed center, large double flowers of brilliant orange salmon pink. Won highest awards for rose with outstanding perfume.		
PRESIDENT HERBERT HOOVER. This rose was introduced as an inside forcer but has proven even better outside as a garden rose of exceptional color and brilliance, cerise pink, flame scarlet and yellow, a strange and glowing combination.		
RADIANCE. Light silvery pink flowers. Extremely hardy.		
RED RADIANCE. Enormous, globular, deep red flowers on heavy canes. Extremely hardy.		
REV. F. PAGE-ROBERTS. Coppery orange, opening high-colored golden yellow.		
ROSE MARIE. Deep rose, a lovely shade.		
SHOT SILK. Rightly named, being a lovely pale orange-pink, overshot with red.		
SOUV. DE CLADIUS PERNET. Brilliant clear yellow without shading.		
SOUV. DE GEORGES PERNET. Terra-cotta blooms of immense size.		
TALISMAN. Unique shades of pink, orange and scarlet. Beautiful at times, variable.		
VILLE DE PARIS. Known as "Yellow Radiance." Buttercup-yellow. Very free. Gold Medal, Bagatelle, Paris.		
WILHELM KORDES. Long-pointed buds; rich capucine-red blooms on golden yellow ground.		
WILLIAM F. DREER. Shell-pink, suffused with gold.		
WILLOWMERE. Richest pink, overshot with light yellow, a rose with strong constitution.		

## BUSH ROSES H. T.

## THE AMATEUR'S DOZEN

We are so often asked, "Which is the best dozen Roses?" The answer is, to a great extent, a matter of personal taste. However, taking everything into consideration, we quote the following as calculated to give the maximum amount of return with the minimum of trouble. Every one is a prize-winner.

BETTY UPRICHARD. Satiny pink.

BRIARCLIFF. Deep pink.

DUCHESS OF WELLINGTON. Light yellow.

ETOILE DE HOLLANDE. Bright scarlet.

GOLDEN DAWN. Yellow with bronze tips. One of the best.

MME. BUTTERFLY. Soft pink, tinted yellow.

MME. JULES BOUCHE. White.

MARGARET McGREDY. Red, shaded rose.

MRS. E. P. THOM. Pure yellow.

MRS. HENRY MORSE. Light shell-pink; perfect form.

RADIANCE. Silvery pink, shaded carmine-pink.

RED RADIANCE. Bright cerise-red.

## CLIMBING ROSES.

For covering buildings, walls, pergolas, etc., what can be better than any of the varieties listed below, all colors are presented.

Field grown, 2 years .....	.75	.70
----------------------------	-----	-----

Pot grown, 2 years .....	1.00	.90
--------------------------	------	-----

(Except Roses under U. S. Patent regulations.)

For clients who wish climbing roses in quantity for hedges, covering banks, naturalistic work, etc., we make a special offer for quantity, *our selection*. In lots of 50 or more \$60.00 per hundred.

ALBERIC BARBIER. An old favorite but still good, creamy white and pale yellow, excellent glossy foliage.

ALIDA LOVETT. One of the best large-flowered climbing Roses. Pink and orange.

AMERICAN PILLAR. Scarlet with white eye; single.

AVIATEUR BLERIOT. Buds saffron-yellow; open flowers splashed red. Very hardy.

BESS LOVETT. Large, brilliant crimson flowers.

BLAZE. In most respects identical with Paul's Scarlet Climber except that it blooms continuously throughout the summer, really an everblooming Paul's Scarlet (raiser's description).

U. S. Plant Pat. 10 .....	2.00 each
---------------------------	-----------

BREEZE HILL. A strange combination of white, pink and apricot, large trusses, very strong grower.

CHAPLIN'S PINK CLIMBING. A great prize-winner everywhere, large blooms in large trusses, pure clear pink, extremely vigorous open blooming.

CORALIE. Bright coral buds opening to orange salmon, beautiful glossy foliage. Blooms early.

DOROTHY PERKINS. Pink; double.

DR. W. VAN FLEET. Pale pink; large.

DR. HUEY. Rich dark maroon semi double, beautiful form, and attractive, a little inclined to mildew.

CLIMBING ROSES

Each10  
Rate

GOLDEN CLIMBER. Quite new, one of the large individual flowering (Mrs. W. Curtis James) class, and beyond question the greatest advance in Climbing Roses, vigorous growth, good foliage, blooms borne in profusion throughout the summer, color clear bright golden yellow which does not fade. Quite an exceptional climber.

U. S. Plant Pat. 28..... 2.00 each

HIAWATHA. Scarlet, white eye.

JACOTTE. Salmon-orange, shaded yellow. Large blooms. One of the best, needs a little extra protection but well worth it.

MARY LOVETT. Best white climber; large flowered.

MARY WALLACE. Large; luminous, first-rate Rose.

MME. GREGOIRE STAECHELIN. (Spanish Beauty), delicate pink, with large frilled petals, crimson on outside. Good vigorous grower.

NEW DAWN. Identical with Dr. Van Fleet, of which it is a sport, except that it blooms continuously throughout the summer (raiser's description).

U. S. Plant Pat. 1..... 1.50 each

PAUL'S SCARLET CLIMBER. Scarlet; double.

PRIMROSE. An excellent strong growing yellow rambler, good foliage.

SILVER MOON. White; single. Extra strong.

TAUSENDSCHON. Pink; large, double.

SHRUB AND HEDGE ROSES.

.75.70

It is unfortunate that the value of many of these is not better known, they make delightful color effects with their thousands of blooms in the early summer and again in the fall and winter, their bright scarlet berries delight when there is little else to charm in the garden. But little pruning is required, they almost take care of themselves, just a little shaping occasionally, all are extremely hardy and thrive under poor conditions. Some seem to enjoy the salt atmosphere of the sea beaches. Like the Rugosas, all are sure to give endless satisfaction.

ROSA HUGONIS. Clear bright yellow.

ROSA RUGOSA. Pink.

ROSA RUGOSA, ALBA. White.

ROSA SETIGERA. Shell pink.

VARIOUS SPECIES ROSES.

SALIX babylonica. 50'-60'

Babylon Weeping Willow

Wavy bright green foliage, borne on very slender pendant branches, particularly appropriate for water-side planting, will grow in sandy soil also.

4	to	5	ft. B. & B.....	2.25	2.00

#### LILACS, French. 6'-12' *Hybrid Lilac*

Great favorites and rightly so, they bloom freely in the young stages and close to the ground, they are not such rampant growers as the common Lilacs, consequently can be planted somewhat closer. Apparently it is almost an impossible task to get a "perfect" list of French Hybrids, no two growers agree as to which is the best of the seven or eight hundred known and listed varieties, many of which are almost identical. The following, all of which we have tested out in our Nurseries offer a nice range of color, both double and single, and also give a desirable variation in habit and growth.

ALPHONSE LAVALLE. Double. Bluish Lilac.

CHARLES X. Single. Reddish violet.

CONGO. Single. Light red. Dwarf habit.

EDOUARD ANDRE. Double. Soft pink. Dwarf habit.

EMIL GENTIL. Double. Cobalt blue.

JAN VAN TOL. Single. White. Long spikes.

KATHERINE HAVEMEYER. Single. Deep blue.

LUDWIG SPAETH. Single. Red. Excellent.

MARIE LE GRAYE. Single. Pure white.

MICHAEL BUCHNER. Double. Bright pink.

MME. LEMOINE. Double. Snow white. One of the best.

MRS. EDWARD HARDING. Double. The best red.

RUBRA DE MARLY. Single. Lilac rose.

WM. ROBINSON. Double. Mauve pink.

ALSO OTHER VARIETIES.

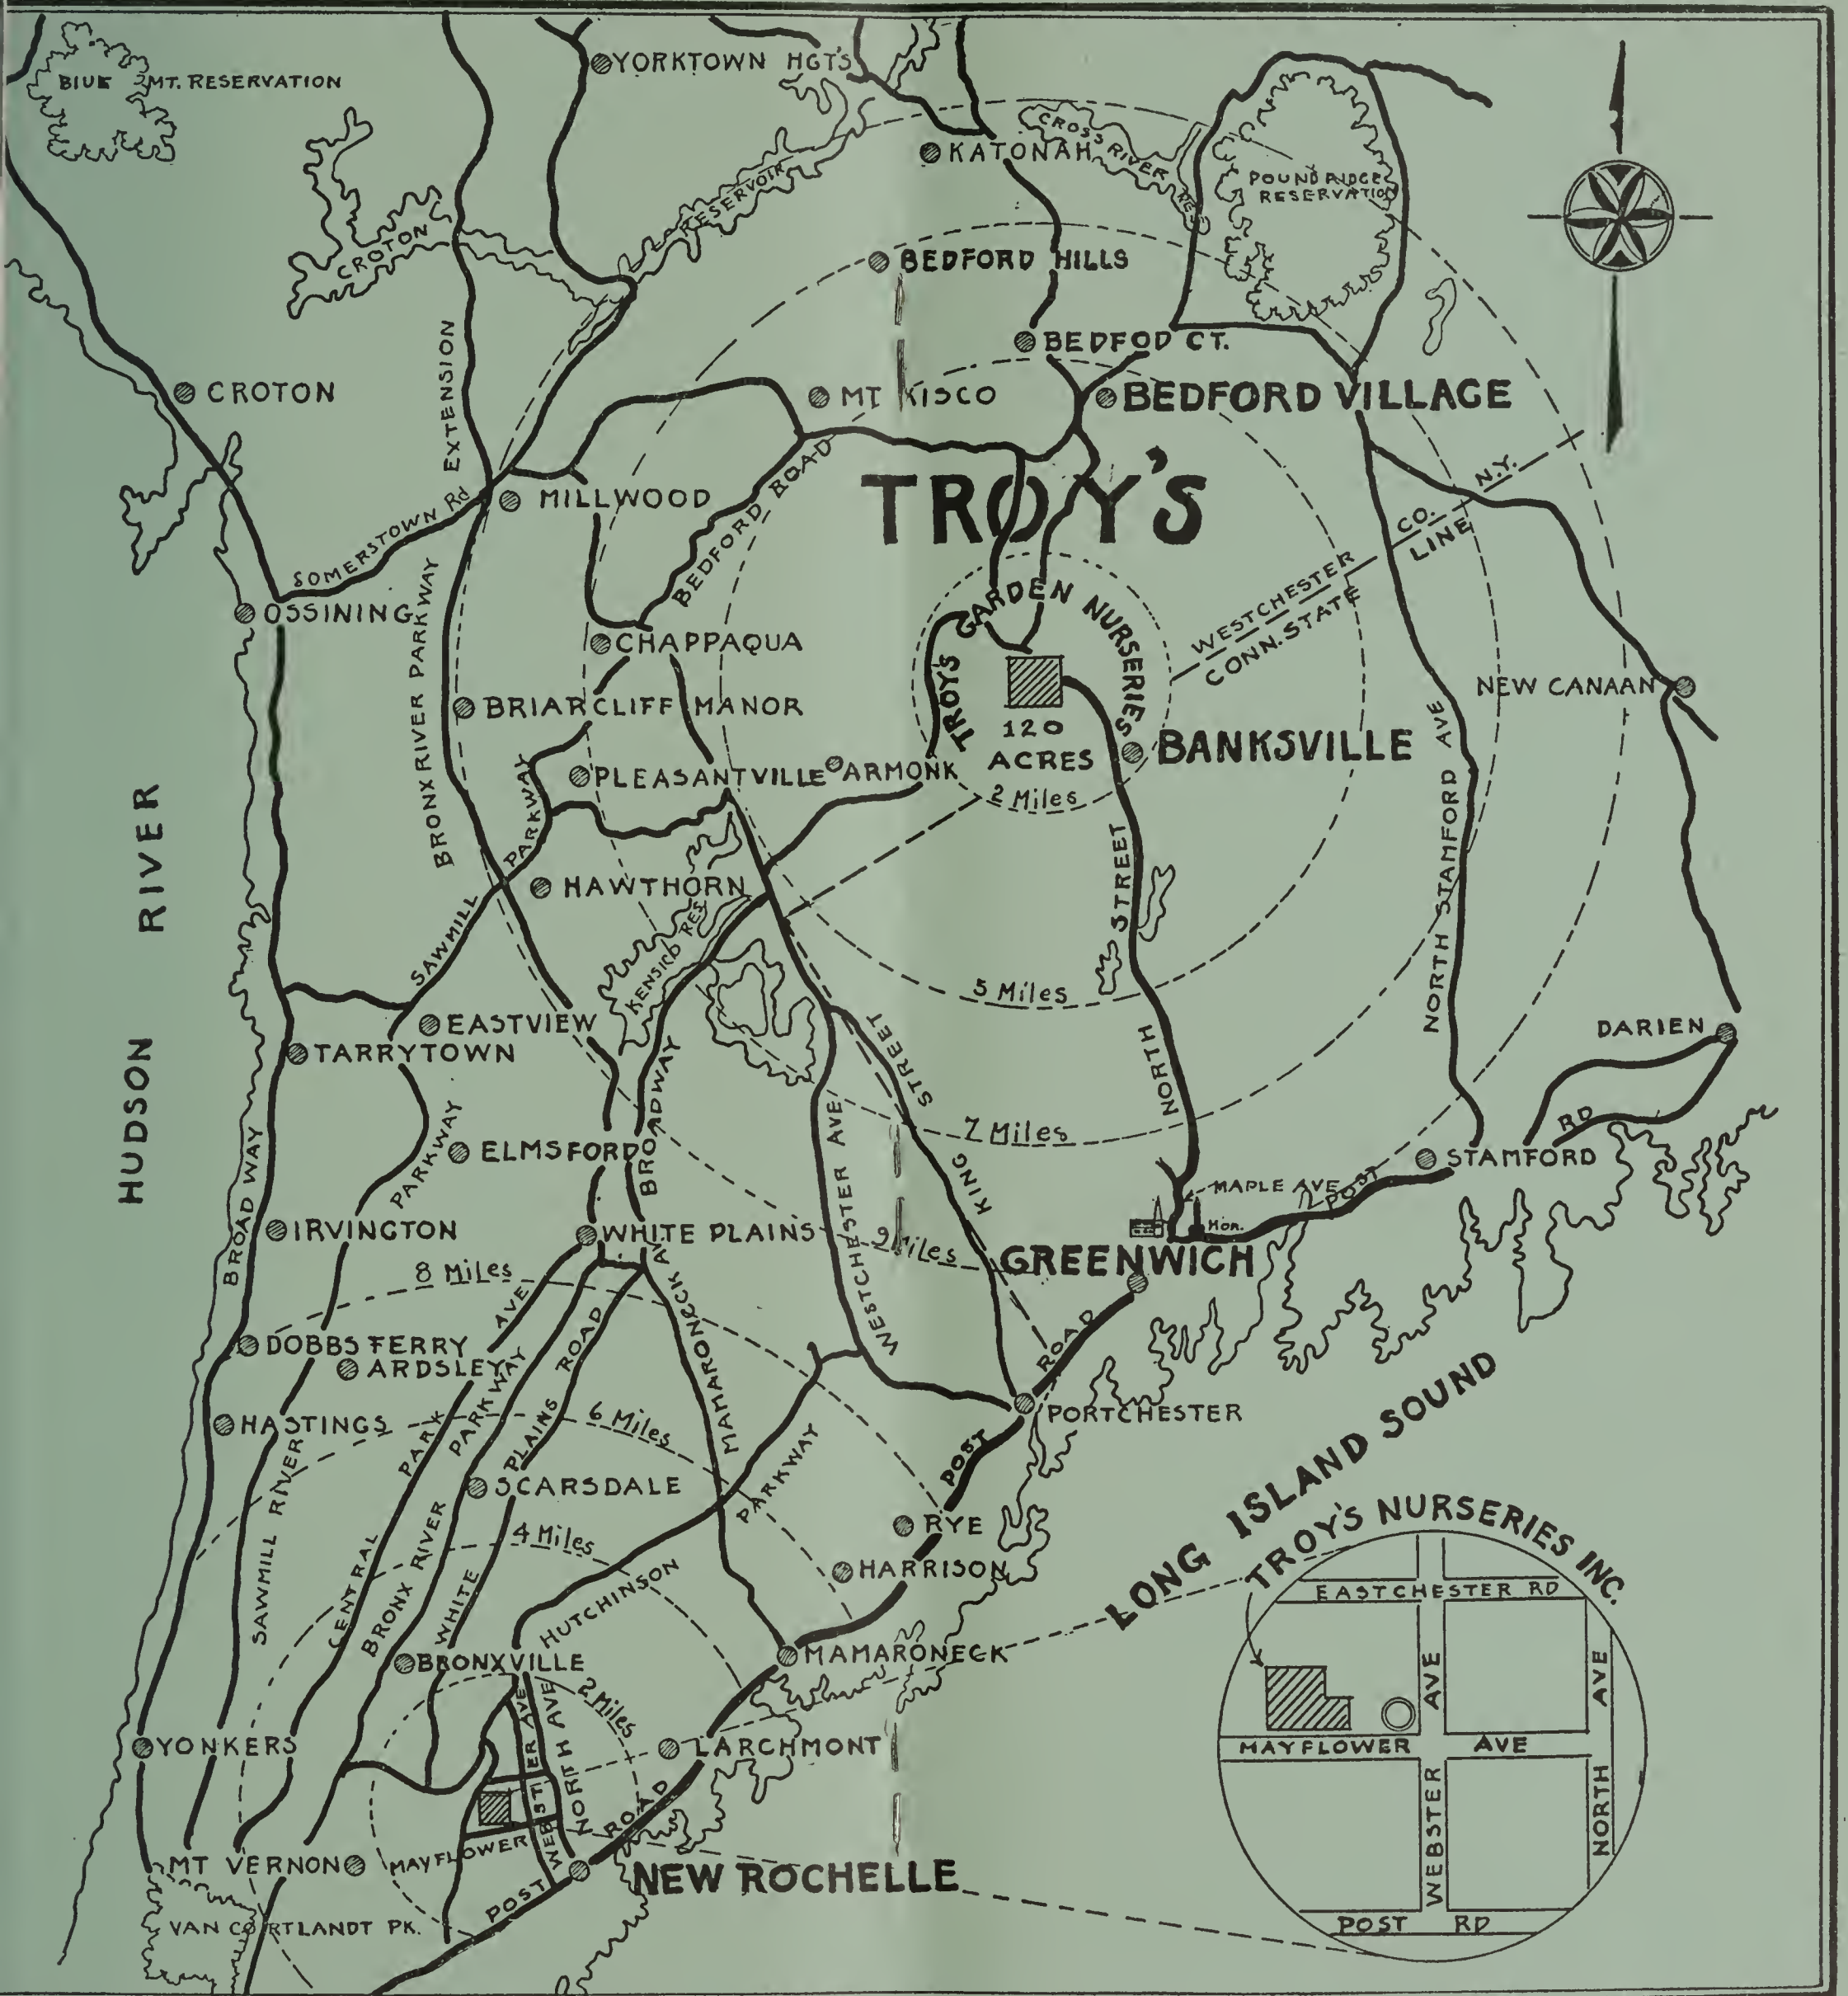

All of the above, heavy well branched specimens.

## Fruit Trees

We grow only a limited number of fruit trees, varieties selected are such that are likely to be successful in Westchester County.

### STANDARD APPLES.

Red Astrachan. Summer		<i>Large crimson</i>	
Delicious. Early Winter		<i>Large red</i>	
Duchess. Autumn		<i>Large striped</i>	
Baldwin. Winter		<i>Large dark red</i>	
Greening. Winter		<i>Large green</i>	
McIntosh. Winter		<i>Large deep crimson</i>	
Staymans. Winter		<i>Winesap, crimson</i>	
4	to 5 ft., 2 years old	1.75	1.50
5	to 6 ft., 3 years old	2.50	2.25
6	to 7 ft., 4 years old	3.50	3.25
7	to 8 ft., 5 years old	5.25	
8	to 9 ft., 6 years old	7.50	

We can supply large apple trees, 4 to 6 in. cal.  
Quotation upon request.

### CRAB APPLE.

Transcendent. Autumn		<i>Large red and yellow</i>	
Hyslop. Autumn		<i>Crimson and yellow</i>	
4	to 5 ft., 2 years old	2.50	

### DWARF APPLES.

Trees eminently suitable for small gardens where room is limited. Dwarf apples fruit heavily and grow but little, consequently they can be planted closer together.

## Vines

- ACTINIDIA arguta.** 20'-30' *Bower Actinidia*  
 Excellent for covering arbor or wall, foliage is particularly handsome and free from insects, white flowers are small, somewhat fragrant, followed by clusters of greenish fruits.  
 Strong pot grown plants..... 1.00 .90
- AKEBIA quinata.** 15'-20' *Five leaf Akebia*  
 A dainty beautiful vine bearing numerous branches of purple flowers, leaflets dark green arranged five on one stalk, does best in sun.  
 Strong pot grown plants ..... 1.00 .90
- AMPELOPSIS heterophylla.** 30'-40' *Porcelain Ampelopsis*  
 Well adapted for covering rocks and low trellis work, handsome in autumn with abundance of light blue berries.  
 Strong pot grown plants..... 1.00 .90
- quinquefolia.** 30'-40' *Virginia Creeper*  
 Very large green foliage changing to brilliant scarlet in autumn, quick grower, good for stone walls.  
 Strong pot grown plants..... .75 .65
- tricuspidata lowi.** 6'-8' *Geranium Creeper*  
 Small slender vine like a miniature Boston Ivy, and more delicate in every respect, small leaves crowded on shoots and twisted branches; useful for a low wall or post. Its autumn color is enamel-like.  
 Strong pot grown plants..... 1.00 .90
- tricuspidata veitchi.** 40'-50' *Japanees or Boston Ivy*  
 Well known to everybody as a rapid growing vine, will cover a vast expanse of vertical wall in a short time, with a mat of overlapping foliage, good autumn color.  
 Strong 4 in. 3 year pot grown..... .65 .60  
 Strong 4½ in. 3 year pot grown..... .75 .70
- ARISTOLOCHIA siphocampylodes.** 20'-30' *Dutchman's Pipe*  
 A vigorous and rapid flowering climber bearing striking brownish colored flowers resembling a pipe in shape. Very large round leaves, giving a tropical effect.  
 Strong pot grown ..... 1.25 1.10
- BIGNONIA grandiflora.** 30'-40' *Chinese Trumpet Vine*  
 A wonderful large orange bell in July, bright green compound leaves, very showy.  
 6 in. pots, 3 years old..... 2.25  
 14 in. tubs, 5 years old..... 4.25
- radicans.** 60'-80' *Common Trumpet Vine*  
 A splendid climbing vine with large brilliant orange scarlet flowers, July and August.  
 Strong pot grown, 3 years old..... .85 .80
- CELASTRUS scandens.** 30'-35' *Native Bittersweet*  
 One of the most desirable native vines in cultivation, in autumn large clusters of bright orange colored pods split crosswise with scarlet seeds, very choice.  
 Strong pot grown ..... 1.00 .90  
 Field grown, 2 to 3 ft..... .85 .80
- CLEMATIS jackmani.** 8'-10' *Hybrid Clematis*  
 Hybrid large flowering varieties. These beautiful vines are in demand and cannot be excelled where brilliant colors are desired for veranda or trellis, likes a sunny position and moist loamy soil, erratic habit, cannot guarantee.  
 Strong pot grown ..... 1.50 1.25

		10	
CLEMATIS		Each	Rate
montana grandiflora.	Anemone Clematis		
A most beautiful climber, not rapid, but steady producing masses of star-like flowers of a dazzling white.			
Strong pot grown		1.00	.90
montana rubens. 15'-20'	Pink Anemone Clematis		
A slender and graceful vine, strong grower blooms in May. The four-petaled flowers are pink with golden center.			
Strong pot grown		1.00	.90
paniculata. 25'-30'	Sweet Autumn Clematis		
A useful and beautiful hardy vine, a luxuriant profuse bloomer with fine foliage, the white flowers are very pretty and fragrant, its feathery seed pods look like a second bloom.			
Strong pot grown		.75	.70
EUONYMOUS radicans. 15'	Wintercreeper		
EVERGREEN. A very hardy dense growing trailing vine, dull green leaves with whitish veins, self-clinging.

Pot grown, 3 years ..... 1.75

Pot grown, 4 years ..... 3.00

### **multijuga alba. 25'-30'** *White Longcluster Wisteria*

Same habit of growth as the above only the flower is white.

Pot grown, 4 years ..... 3.00

### **sinensis. 30'-40'** *Chinese Wisteria*

A very strong grower, long pendulous sky blue flowers.

Pot grown, 2 years ..... 1.50 1.25

Pot grown, 4 years ..... 2.50 2.25

Heavy specimens in tubs..... 5.00 to 7.50

### **sinensis alba. 25'-30'**

Similar to preceding in growth, but has snowy white flowers.

Pot grown, 3 years ..... 2.00

## Hardy Water Lilies and Aquatic Plants

No lake, pond or pool is complete without a few of these beautiful water lilies. They are successful even in a tub for small garden pools and afford much pleasure.

They are perfectly hardy and will stand zero weather when well established in the mud of a lake or pond below the maximum depth of ice.

## NYMPHAEAS.

**CHROMATELLA.** A clear, rich yellow, the best yellow variety grown.

**GLADSTONE.** The King of the white Lilies, surpasses all other whites in size and freedom of bloom.

**GLORIOSA.** As its name implies a truly glorious red.

**MARLIAC ROSEA.** A deep pink center shading to a delicate rose, fragrant and lasting.

Rooted crowns in wire baskets, \$1.50 each.

Established plants in 12" shallow tubs, \$3.00 each.

## LOTUS OR NELUMBIUM.

**NELUMBIUM SPECIOSUM.** This is the true sacred lotus of the Egyptians, having attractive pink blooms.

Tubers, \$1.50 each.

Established plants in 12" shallow tubs, \$3.00 each.

We also carry a number of varieties of Shallow Water, Marsh and Bog Plants.

# TROY'S

## Hardy Herbaceous Perennials

### ROCK AND ALPINE PLANTS

TROY'S Herbaceous Perennials are sturdy FIELD GROWN plants adapted to Westchester County and of marked contrast to the seedling and pot plants usually quoted in catalogues. Upon inspection prove their superior value.

OUR PERENNIALS, when personally selected by the client, considering the FOREMAN'S advice and assistance, are quoted at the following prices.

35c each. \$2.50 per 10. \$21.50 per 100.

Five of a kind at 10 rate. 25 of a kind at 100 rate. Except where noted.

Lists submitted for estimates will permit us to make special quotations of a real saving.

Extra heavy clumps will be sold commensurate with their value.

Those marked "R" are suitable for Rockeries.

**ACHILLEA Ptarmica, The Pearl.** 2' *White Yarrow*

The double pure white flowers are borne in great profusion on strong erect stems. Good cut flower variety. June to September.

**Tomentosa (R).** 8" *Woolly Yarrow*

Bright yellow flowers, excellent for rockeries, fine woolly foliage. May and June.

**ACONITUM fischeri.** 2½' *Azure Monkshood*

A dwarf variety with dark blue flowers, September and October. This is the hardiest and most useful of all the Aconites.

**Napellus Spark's variety.** 5' *Spark's Monkshood*

July and August flowering; tall branched spikes covered with deep blue.

**ADENOPHORA verticillata.** 2' *Bellflower*

A plant resembling Campanula, but more shrubby in habit, flowers light blue during July and August, the best variety for average American Gardens.

**AEGOPODIUM (R) podagraria variegatum.** 10' *Bishop's Weed*

Good for borders or beds, or covering barren places, variegated leaves.

**AETHIONEMA (R) grandiflorum.** 6" *Persian Stone Cress*

A lovely little plant, blue-green foliage which remains handsome all summer. During June the plant is covered with long spires of clear rose-colored flowers.

**AGROSTEMMA coronaria.** 2½' *Mullein Pink*

Bright rosy crimson. Best variety for average American Gardens.

**ALTHAEA rosea.** 5'-6' *Double Hollyhock*

A well-known and stately perennial with long spikes of showy flowers, red, white, rose, yellow, maroon and mixed. July and August.

		10
	Each	Rate
<b>ALYSSUM (R) rostratum.</b> 4"-5"	<i>Beaked Golden Tuft</i>	
Prostrate, almost shrubby variety, hoary grey all over. Flowers pale yellow in unbranched heads, free flowering.		
<b>Saxatile compactum (R)</b> 1'	<i>Dwarf Golden Tuft</i>	
Broad masses of bright yellow flowers in early spring, an excellent plant for the rockery or front of borders.		
<b>ANCHUSA italica Dropmore.</b> 4'-5'	<i>Italian Bugloss</i>	
Tall spikes of beautiful blue flowers in June and intermittently all summer.		
<b>Italica Picotee.</b> 4'-5'		
Tall spikes of flowers attractively striped white with blue.		
<b>Myosotidiflora (R)</b> 12"	<i>Siberian Bugloss</i>	
A distinct dwarf perennial from Russia, with clusters of charming blue flowers resembling Forget-me-nots, an effective rock plant for shady or sunny places, flowering in May and June.		
<b>ANDROSACE sarmentosa.</b> 6"	<i>Rock Jasmine</i>	
One of the earliest and best. Rosettes of silky foliage and heads of verberna-like blossoms of pink on stems about 6 inches high. From the Himalayas. June and July flowering.		
<b>ANEMONE (R) hupehensis.</b> 12"-15"	<i>Japanese Anemone</i>	
Mauve-rose, August to October.		
<b>Pulsatilla (R).</b> 8"-10"	<i>Pasque Flower</i>	
Violet or purple flowers during April and May, an interesting plant for the rockery or well drained border.		
<b>Sylvestris.</b> 12"	<i>Snowdrop Anemone</i>	
Fine for cool moist corner of rock garden or border. Large white blossoms on nodding stems, blooming freely in May and June. Lovely cut flower.		
<b>ANTHEMIS tinctoria.</b> 18"	<i>Chamomile</i>	
(Kelway's variety.) Handsome, finely cut foliage, and large golden yellow flowers produced all summer. Succeeds in the poorest soil, excellent cut flowers.		
<b>AQUILEGIA (R) alpine atrocaerulea.</b> 1'	<i>Columbine</i>	
True dwarf species, deserves to be planted on every rockery for its charming blue flowers with white centers.		
<b>Caerulea.</b> 2'	<i>Colorado Columbine</i>	
Lovely blue flowers with long spurs, blooms May and June.		
<b>Mrs. Scott Elliott's Strain</b>		
Wonderful colors with very long-spurred flowers. May and June.		
<b>Skinneri</b>		
Excellent in shady places where its greenish yellow and scarlet flower show off to great advantage. In full bloom during May and June.		
<b>ARABIS (R) alpina.</b> 6"	<i>White Rock Cress</i>	
Pure white flowers produced in dense masses, splendid for border and rockery work, and lasts quite some time when cut.		
<b>Alpina flora pleno (R).</b> 6"	<i>Double Rock Cress</i>	
Same as above but with double white flowers; very fine rock plant. .... .

	Each      Rate
<b>ARENARIA (R) balearica. 1"</b>	<b>Sandwort</b>
An emerald mantle for shady rocks. Myriads of white, fairy, starlike flowers in May.	
<b>Montana grandiflora (R). 3"</b>	<b>Mountain Sandwort</b>
Close tufts, profusely covered with small silvery white flowers quite early in the season. Excellent as an edging plant in formal gardens and for rockeries in sunny places. The flowers in May resemble small white, upturned Morning Glories.	
<b>ARMERIA (R) maritima. 6"</b>	<b>Sea Thrift</b>
Valuable for edging; flowers pale pink, foliage grasslike, evergreen, May and June.	
<b>ARTEMISIA lactiflora. 3'</b>	<b>Sage Brush</b>
A tall growing plant of fine foliage and heads of small white flowers in August and September which fill the garden with fragrance. A splendid and graceful cut flower.	
<b>ASCLEPIAS (R) tuberosa. 2'</b>	<b>Butterfly Weed</b>
Attractive plants, flowering during July and August. Produces umbels of bright orange-colored flowers which are lovely to cut and last a long time.	
<b>ASPERULA (R) odorata. 2'</b>	<b>Sweet Woodruff</b>
Increases rapidly and is used for carpeting shady places and in the rock garden. Heads of snowy white flowers appear just above the foliage in May. A fine scented herb reminding one of new mown hay.	
<b>ASTER (R) alpinus. 8"</b>	<b>Rock Aster</b>
Fine dwarf white Aster, bearing large single white flowers on stems. Excellent on rock garden. May and June.	
<b>Climax. 4'-5'</b>	<b>Starworts</b>
One of the best and showiest, with large pyramidal spikes of large light lavender-blue flowers, very free bloomers. Excellent as a cut flower. August to October.	
<b>Hybridus (R) luteus. 8"-10"</b>	
Small bright yellow flowers in large feathery clusters. Lovely for cutting. May and June.	
<b>Novae-angliae roseum. 3'-4'</b>	
Almost red and a profuse bloomer. August.	
<b>Novi-belgi, Feltham blue. 3'</b>	
Dark blue, very popular, August to October.	
<b>Skyland Queen. 2'</b>	
Delicate blue, September.	
<b>Troy's Compact Blue (R). 12"</b>	
This is a perfect little gem. Dwarf and compact. Delights in dry stony spot and has lovely clear sky-blue flowers with clear yellow centers. Very hardy. August to October.	
<b>ASTILBE, mixed varieties. 2'-3'</b>	<b>Spirea</b>
This collection includes the best varieties of vigorous growth producing many branched, feathered heads of flowers during June and July. They succeed best in a half-shady moist position in any ordinary garden soil. . . . . .40 .35	

		10	
		Each	Rate
<b>AUBRIETIA (R) hybrida, mixed. 4"-6"</b>	<i>False Wall Cress</i>		
Pretty dwarf growing plants for the rockery or edge of border. Masses of silvery green foliage and sheets of various colored flowers in spring and early summer.			
<b>BAPTISTIA australis. 3'</b>	<i>False Indigo</i>		
Dark blue, pea-shaped flowers in June. Suitable for the hardy border of wild garden. Very attractive foliage all summer.			
<b>BELLIS perennis (R). 6"</b>	<i>English Daisy</i>		
Old fashioned and interesting. White and pink.			
<b>BOLTONIA latisquama. 4'-6'</b>	<i>False Chamomile</i>		
Pink slightly tinged with lavender. Daisy like flowers during the summer and fall when thousands of blooms are open at once.			
		10	100
		Each	Rate
<b>BUXUS sempervirens angustifolium</b>	<i>Willow Boxwood</i>		
This is the ideal Boxwood for edging purposes. Perfectly hardy, a slow grower and free from insect pests.

MAYFIELD GIANT.		

A strong growing and free flowering Shasta Daisy of recent introduction, flowers white throughout the summer.

#### CHRYSANTHEMUM Hybrids. 2'-3'

##### *Garden Chrysanthemums*

in 3 inch pots, ready in May	.30 each
in 4 inch pots, ready in July	.40 each
in 5 inch pots, ready in August	.50 and .60 each

#### ALLADIN

It is the first of a new race of summer and early blooming Chrysanthemums for the garden. Deep bronze and golden yellow and it continues to bloom until frost destroys the buds.

#### ADIRONDA

Golden-bronze small flowered double button.

#### AMELIA

Good clear pink, absolutely hardy.

#### ARCADIA

It is in full bloom the latter part of August and is a rugged hardy "MUM" of snowy whiteness on tall wiry stems.

#### BERHAM

Orange and bronze, free bloomer.

#### BUCKINGHAM

Large late flowering pink variety.

#### CRIMSON'S SPLENDOR

Magnificent, semi-double flowers produced in largt crimson-maroon masses with a yellow center. September flowering.

#### EARLY BRONZE

A charming hardy button or pompon type. Its small ragged flowers of shining bronzy-brown continue for many weeks.

#### GOLDEN POMPON

Deep golden-yellow, free flowering on long stems.

#### GLORY OF SEVEN OAKS

Its soft clear golden yellow flowers have made it a great favorite. Medium height.

#### JEAN TREADWAY

A double Aster-type, sparkling pink with a deep rose-tinted center. Tall and bushy habit.

#### MRS. MARTIN

Chestnut-brown with a low spreading habit suitable for planting in rock garden. Very hardy and free flowering.

#### PETITE LOUISE

Very early and of medium height. Plants completely hidden by pale pink, shaggy flowers. A great favorite.

#### TROY'S WHITE

Clear white, good foliage.

#### WOLVERINE

Early large flowered yellow on strong stems.

#### YELLOW NORMANDIE

Clear yellow with a fine foliage.

CHRYSANTHEMUMS

ZENOBIA

IRIS Pumila (R). 6"-8"		Miniature Flag	
They are fine for bordering flower beds or planting in the rock garden, flowering in April and May.			

IRIS OCHROLEUCA.

The Iris in this group should be grown much more extensively than they are at the present time. The flowers last for a long time and the buds keep opening after cutting. In shape the flowers are almost identical with the Dutch and Spanish Iris and are as easy to handle without injury. The flower stalks, however, are from 3½ to 4½ feet high. The foliage is swordlike, but dies down during the winter. The plants are very effective in the border where they make large clumps. Yellow, White, Blue and Canary Yellow...\$1.00 each

These plants include all colors from deep red to various shades of rose to pure white. May and June.			
<b>RUDBECKIA newmanni. 3'</b>	<i>Black-Eyed Susan</i>		
Deep orange-yellow flowers with a dark purple cone, long wiry stems, blooms all summer.			
<b>Purpurea. 3'</b>	<i>Giant Purple Cone Flower</i>		
Most attractive purple flowers with a very large brown, cone-shaped center. A splendid plant for the border. July to October.			
<b>SAGINA (R) procumbens</b>			
Mossy ground cover for shade. White starry flowers in May and June.			
<b>SALVIA azurea grandiflora. 3'</b>	<i>Meadow Sage</i>		
A Rocky Mountain species, producing sky-blue flowers in the greatest profusion. August and September.			
<b>Pitcheri. 3'-4'</b>	<i>Blue Meadow Sage</i>		
Large flowers of a rich gentian blue color, and one of the most admired plants. August and September.			
<b>Sclarea. 3'</b>	<i>Clary Sage</i>		
Strong plant, with reddish mauve flowers.			
<b>SANTOLINA (R) incana. 1½'</b>	<i>Lavender Cotton</i>		
A sweet-smelling dwarf, evergreen perennial, with delicate silver-white foliage, useful as rock or border plants, also largely used for edgings to flower beds or walks.			

	Each	10 Rate
<b>SAPONARIA ocymoides. 1'</b>		
<i>Rock Soapwort</i>		
Pretty prostrate rockery and border plant; flowers rosy pink, produced in great quantities just above the foliage in late May and early June.		
<b>SAXIFRAGA (R) Aeizoon Balcana. 5"</b>		
Pale green leaves. Sturdy red stems bearing large flowers densely covered with crimson dots . . . . .	.50	.45
<b>Bathoniensis.</b>		
Fine mossy hybrid. Charming rosy-pink blooms.	.50	.45
<b>Cordifolia (R). 1½'</b>		
<i>Rock-Foil</i>		
Handsome broad foliage, flowers in early spring with large trusses of pink blooms.		
<b>Hostii (R). 12"</b>		
Handsome rosettes of long leaves with toothed margins. Panicles of creamy white flowers spotted with pink . . . . .	.50	.45
<b>Macnabiana (R). 12"</b>		
Fine spikes of white flowers heavily spotted with pink dots . . . . .	.40	.35
<b>SCABIOSA caucasia. 2'</b>		
<i>Blue Bonnet</i>		
Their lovely flowers are a soft and charming shade of lavender, vigorous grower. June to September.		
<b>SEDUM (R) acre. 3"</b>		
<i>Golden Moss</i>		
Much used for covering graves, foliage green, flowers bright yellow; prostrate and slowly spreading. May and June.		
<b>Album. 3"</b>		
<i>White Stonecrop</i>		
Dwarf and spreading; thick, waxy round foliage, white flowers, good rock plants. May and June.		
<b>Kamtschaticum. 8"</b>		
<i>Orange Stonecrop</i>		
Orange-yellow flowers, with prostrate, green foliage, turning golden in autumn.		
<b>Reflexum, Chameleon. 8"-10"</b>		
Growth starts green, gradually turning buff or light brown shades as season advances. Bright yellow flowers in mid-summer.		
<b>Roseum. 2"</b>		
<i>Roseroot Stonecrop</i>		
Reddish foliage, which colors in the fall into beautiful bronze shades. Very dwarf.		
<b>Rupestre. 8"</b>		
Pretty glaucous, bluish green leaves of trailing habit with golden-yellow flowers. June.		
<b>Sarmentosum. 2"</b>		
<i>Stringy Stonecrop</i>		
Excellent dwarf creeper for rockeries or border edgings. The best Sedum for filling seams between rocks in wall garden, rapid grower.		
<b>Sieboldi. 8"</b>		
<i>Siebold Stonecrop</i>		
Lovely silvery blue foliage, trailing velvety, bright pink flowers in heads. The loveliest of all Sedums. October . . . . .	.40	.35

		10	
SEDUM		Each	Rate
<b>Spectabile.</b> 1½'	<i>Showy Stonecrop</i>		
Large heads of pink flowers. A fine border plant and one of the best for foliage or flower effects.			
August and September . . . . .		.40	.35
<b>Stoloniferum.</b> 6"	<i>Running Stonecrop</i>		
A flat trailing variety with pink flowers and evergreen leaves. Excellent for Rock Garden. July and August.			
<b>SEMPERVIVUM (R) arachnoideum.</b> 6"	<i>Cobweb Houseleek</i>		
A fine cobweb rosette from which radiate ten or more runners about one inch long at the end of which appear the young plants giving a lovely star-like effect.			
<b>Soboliferum tectorum.</b> 6"	<i>Houseleek</i>		
Most desirable; evergreen leaves, flowers purplish-pink. Excellent for Rock Garden. July and August.			
<b>SIDALCEA candida.</b> 2'-3'	<i>Prairie Mallow</i>		
Showy, erect-growing, and free branching plants. They have splendid large white mallow-like blooms. June and July.			
<b>SILENE (R) schafta.</b> 6"	<i>Autumn Catchfly</i>		
A charming border or rock plant with masses of bright pink flowers from July to October.			
<b>STATICE (R) latifolia.</b> 2'	<i>Sea Lavender</i>		
An attractive and showy plant for borders and beds, makes tufts of large long, leathery leaves from which spring large, branched flower stems with candelabra-like heads. They are covered with small purple-blue flowers during July and August.			
<b>Puberula (R).</b> 6"			
(new) A dwarf perennial Statice very floriferous and excellent for the Rock Garden . . . . .			
		.40	.35
<b>STOKESIA (R) cyanea.</b> 2'	<i>Cornflower Aster</i>		
Handsome lavender-blue flowers are produced profusely in the late summer and early autumn. Lovely for cutting.			
<b>Alba—(R).</b> 2'			
A pure white form of the above.			
<b>TEUCRIUM (R) chamaedrys.</b> 1'	<i>Germander</i>		
Glossy green foliage resembling dwarf boxwood; may be used in place of Boxwood where the latter is not hardy and can be clipped to suit any height up to 12 inches.			
<b>THALICTRUM aquilegifolium.</b> 2'	<i>Columbine Meadow-Rue</i>		
Graceful foliage like that of Columbine, and rosy purple flowers from June to July.			
<b>THYMUS (R) serpyllum albus.</b> 3"	<i>White Thyme</i>		
Forms dense mats of green foliage and clouds of white flowers. June and July.			
<b>Coccineus.</b> 3"	<i>Crimson Thyme</i>		
Plants become completely covered with brilliant crimson-scarlet flowers. June.			
<b>Lanuginosus.</b> 3"	<i>Woolly Thyme</i>		
Grayish foliage and rosy lilac flowers. Gives a splendid effect. June.			

		10•	
		Each	Rate
<b>TRITOMA uvaria, Hybrids.</b>	3'-4'	<i>Red Hot Poker</i>	
The old-fashioned late flowering sort, with flowers of rich red changing to salmon-pink. Needs slight protection. June to October. In 4 inch pots . . . . .			
			.40 .35
<b>TROLLIUS (R) Europaeus, Hybrids.</b>	1½'	<i>Globe Flower</i>	
Desirable, free flowering hybrids with giant buttercup-like orange-yellow flowers on strong stems. May and June . . . . .			
			.50 .45
<b>VERBASCUM (R).</b>	18"	<i>Mullein</i>	
Phoeniceum. An excellent strain produced from a very superior grade of English Hybrids. Colors are most interesting, ranging from white, pink, rose, purple and bronze to brown. They grow about 18 inches high.			
<b>VERONICA (R) Gentianoides.</b>	8"	<i>Gentian Speedwell</i>	
Shiny green leaves; pale blue flowers with dark stripes. Does well in moist places, sunny or semi-shady. May and June.			
<b>Repens (R).</b>	2"-4'	<i>Creeping Speedwell</i>	
A trailing variety covered with blue flowers in spring. May.			
<b>Spicata.</b>	1½'	<i>Spike Speedwell</i>	
Long, broad, blue flower spikes in June and July.			
<b>Ruprestris (R).</b>	6"	<i>Rock Speedwell</i>	
Fine rock plant, thickly matted, deep green foliage, hidden in early June under a cloud of bright blue flowers. Does well in light shade and is also a good ground cover for shrub borders.			
<b>Longifolia subsessilis.</b>	2'-3'	<i>Clump Speedwell</i>	
One of the handsomest blue flowering plants. Perfectly hardy and increases in strength and beauty each year. Spikes completely studded with beautiful blue flowers, fine for cutting and one of the best plants for the border. July to September. In 4 inch pots . . . . .			
			.45 .40
<b>VIOLA (R) cornuta. Jersey Gem.</b>	6"	<i>Tufted Pansies</i>	
Possesses the dwarf habit and continuity of blooming and vigorous, bushy growth and roundish foliage of the finest bedding varieties. Pure rich violet, slightly perfumed. May to August.			
<b>Double Russian (R).</b>	6"	<i>Hardy Violets</i>	
A gem for the garden or hardy border. Produces in early spring great masses of fine large double deep purple flowers of exquisite fragrance . . . . .			
			.40 .35
<b>YUCCA (R) filamentosa.</b>	4'-5'	<i>Adam's Needle</i>	
Among hardy plants there is nothing more effective and striking for isolated positions on the lawn. It is also indispensable for the large rockery. Its broad, sword-like, evergreen foliage and immense branching spikes of drooping creamy white flowers, rising to a height of 5 feet, render it a bold and handsome subject wherever planted. June and July. In 5 inch pots . . . . .			
			.65 .55

Annuals in Season

We produce a complete line of Annuals in pots for Spring planting, all produced from best American seeds. Varieties grown and prices will be gladly furnished on request.

Antirrhinum	Marigold
Asters	Nicotiana
Ageratum	Pansies
Alyssum	Petunias
Begonia	Salvia
Calendula	Scabious
Canna	Snow-on-the-Mountain
Candytuft	Sunflower
Celosia Plumosa	Verbena
Centaurea	Zinnia
Chrysanthemums	Geranium
Cosmea	Fuchsia
Dimorphothecca	Heliotrope
Four-O'Clock	Lanta Hybrida
Helichrysum	Vinca

TROY'S FOR SPRAYING

We are equipped with three high pressure Hardie Spray Machines, developing 500 pounds pressure, ready to execute your spraying with trained experts.

DORMANT SPRAY for scale and fungi.

SUMMER SPRAY for leaf eating insects and aphids.

2nd SUMMER SPRAY for special insect infestations.

EVERGREEN SPRAY for red spider, scale and bud louse.

Complete spray chart will be mailed upon request, and estimates given for work required, without obligation.

## TROY'S FOR TULIPS

We are pleased to present a selection of FIRST GRADE GIANT DARWIN TULIPS. In presenting this group we have chosen those varieties which will give you a most pleasing display with a truly modest investment.

### BLUE AIMABLE.

A beautiful tint of pale lavender, shaded steel-blue, with white base starred blue. Good sized flower of very distinct shape. Height 26 inches. 75c per doz., \$5.50 per 100

### CITY OF HAARLEM.

Intense dark scarlet with darker bloom; large steel-blue base and white halo. Wonderful cup-shaped flower, with petals incurving slightly at the tips. Height 27 inches. 90c per doz., \$7 per 100

### CLARA BUTT.

Beautiful clear salmon-pink. Height 22 inches. 70c per doz., \$5 per 100

### FARNCOMBE SANDERS.

A bright shade of scarlet, with a clear white base, contrasting well when flower is fully open. Broad-petaled flower of large size. Height 25 inches. 70c per doz., \$5 per 100

### INGLESCOMBE YELLOW.

Bright canary yellow, a splendid globular flower. Height 22 inches. 70c per doz., \$5 per 100

### KING GEORGE V.

Best described as a glowing salmon-scarlet, shaded bright rose, with a blue base. A flower of very large size and splendid form. Height 26 inches. 90c per doz., \$7 per 100

### KING HAROLD.

Intense ruby-crimson, center rich black. Very tall and of fine form and rich, deep color. Height 24 inches. 70c per doz., \$5 per 100

### LA TULIPE NOIRE.

The nearest in color to the so-called "Black Tulip"—deep maroon-black which has a velvety sheen in the sunlight. Height 25 inches. 75c per doz., \$5.50 per 100

### MADAME KRELAGE.

Bright lilac-rose, margined pale silvery rose, inside soft rose pink, very large flower of grand form. 70c per doz., \$5 per 100

### PRIDE OF HAARLEM.

Magnificently formed flower of immense size, brilliant, deep rose, shaded scarlet, with light blue base. Widely known for its stately habit and glorious color. Height 36 inches. 70c per doz., \$5 per 100

### PRINCESS ELIZABETH.

Beautiful, clear, deep pink, changing with age to rose-pink; white base. Large flower, quite like a rose when first open. Height 28 inches. 70c per doz., \$5 per 100

### PROF. RAUWENHOFF.

Full cherry rose with ivory white and blue star at base, flower of enormous size. Most recommendable. 70c per doz., \$5 per 100

**TULIPS****REV. H. EWBANK.**

An exquisite shade of soft lavender-violet, slightly shaded silvery-gray. Height 23 inches. 70c per doz., \$5 per 100

**WHITE QUEEN.**

When first opening is pale rose but quickly turns white. A good, pure white variety. Height 24 inches.

70c per doz., \$5 per 100

**WILLIAM PITT.**

Very dark scarlet with purple on the outer petals, large flowers of distinct color and great beauty, splendid bedder.

70c per doz., \$5 per 100

**NARCISSUS FOR NATURALIZING.**

We offer a mixture especially prepared for naturalizing, including a wide variety of types best suited for this purpose. They should be planted in groups, in permanent locations where they will show to advantage. There they will come up year after year as a blaze of color, increasing in size each year.

\$4.50 per 100, \$40 per 1000

**GIANT FLOWERING CROCUS.****Purpea Grandiflora.**

Glossy dark purple, the most beautiful and largest in its color.

**Sir Walter Scott.**

White striped with purple.

**Golden Yellow.**

A bright golden yellow. Large flowers.

50c per doz., \$3.00 per 100

**CHIONODOXA (Glory-of-the-Snow)****Luciliae.**

Resembles the scilla at first glance, except that the flowers are held face-up instead of nodding. Beautiful sky blue in color.

40c per doz., \$2.50 per 100

**GRAPE HYACINTHS (Muscari)**

These queer little flowers are very hardy and permanent, and they will spread with the lushness of a weed. They are a heavenly blue.

45c per doz., \$3 per 100

**SCILLA.****Campanulata. Blue, white, rose.**

Bears spikes 15 inches high of bell-shaped flowers during early May.

50c per doz., \$3.50 per 100

**Siberica.**

The plants increase rapidly and soon make a sheet of blue.

50c per doz., \$3.50 per 100

**SNOWDROPS (Galanthus).**

These are the earliest flowers of spring, sometimes opening their snowy blossoms in February.

50c per doz., \$3 per 100

We are pleased to quote prices on larger quantities and other varieties of Tulips, Hyacinths and Narcissus not listed above.

---

## **Gladiolus Bulbs**

Century of Progress Collection.

12 varieties, first size bulbs.

**ANNIE LAURIE. "THE SWEETEST GAL OF 'ALL."**

Heavily ruffled delicate pink, overlaid with light rose-pink.

**CAPT. BOYNTON. Light violet or lavender, blotched with a darker spot on lower petals.**

GLADIOLUS BULBS

- CARUSO. Large orange red with striking throat blotch.  
CRINKLES. Intensely ruffled rose-pink. Charming as a bouquet flower.  
FAY LANPHIER. Soft rosy salmon-pink.  
GOLDEN FRILLS. Daffodil yellow, heavily ruffled with peach-red throat.  
HENRY FORD. Plum purple, many open blooms at one time.  
JOHN T. PIRIE. Mahogany brown with distinct throat marking.  
LONGFELLOW. Lafrance pink, many open blooms on a slender wiry stalk.  
MARMORA. Very large flower of an unusual mauve gray coloring.  
MRS. LEON DOUGLAS. Salmon-rose-pink. This glad has rapidly won the favor of Glad Fans everywhere.  
VEILCHENBLAU. The first large, vigorous violet-blue Gladiolus.

45c dozen.      \$3.50 per 100

Insecticides and Fungicides

ANT-KILL, COTTAGE SET.

A service that will rid the home and premises of the ant  
nuisance.    Set consists of 5 containers and large bottle of  
syrup.    75c each.

ARSENATE OF LEAD, POWDER.

The standard insecticide for the control of chewing insects.  
Recommended for the control of Japanese Beetle.    4 lbs.  
\$1.15; 24 lbs., \$5.25.

**INSECTICIDES****BLACK LEAF 40.**

A concentrated solution of nicotine sulphate. An excellent spray for aphids and sucking insects of all kinds. 1 oz., 35c; 5 ozs., \$1.00; 1 lb., \$2.25.

**BORDEAUX MIXTURE, DRY POWDER.**

The recognized fungicide for the control of most fungous diseases. 1 lb., 40c; 4 lbs., \$1.35.

**CASEIN.**

A spreader and adhesive to be used in conjunction with Arsenate of Lead. 1 lb., 35c; 3 lbs., 95c.

**C. P. O. SOAP.**

Used with great success in our own spraying in place of Whale Oil Soap, much nicer to handle and no odor. 1 lb., 35c; 5 lbs., \$1.50; 25 lbs., \$6.25.

**C. P. O. LIQUID.**

Same as C. P. O. SOAP only in liquid form. 1 gal., \$2.50; 5 gals., \$11.00.

**CYANOGAS, "CALCIUM CYANIDE".**

Grade A, for the destruction of borers, ground moles, and other rodents. 1 lb., 75c; 5 lbs., \$3.50.

**EVERGREEN.**

Non-poisonous pyrethrum spray. Deadly to sucking and chewing insects. 1 oz., 35c; 6 ozs., \$1.00.

**KOLODUST.**

A sulphur and arsenate of lead powder. Ideal for dusting evergreens for red spider and Juniper blight. 1 lb., 20c; 5 lbs., 75c; 25 lbs., \$2.75.

**POMO-GREEN, WITH NICOTINE.**

The green, all-in-one dust for external leaf eating insects, and sucking insects such as aphids. Recommended highly for the control of black-spot, mildew and rust on roses. 1 lb., 75c; 5 lbs., \$3.00.

**POMO-GREEN, WITHOUT NICOTINE.**

A green dust for chewing insects, black-spot, mildew and rust. 1 lb., 50c; 5 lbs., \$1.75.

**FEENY DUSTERS.**

The ideal dust gun for applying KOLODUST and POMO-GREEN, \$1.25 each.

**LIME SULPHUR, POWDER.**

An insecticide and fungicide for spraying fruit trees to control San Jose scale and fungous diseases. 1 lb., 35c; 5 lbs., \$1.50.

**RED ARROW INSECT SPRAY.**

Absolutely non-poisonous to children or pets but deadly to insects. A contact spray for both chewing and sucking insects. 1 oz., 35c; 3½ ozs., \$1.00; ½ pint, \$1.75.

**ROTENE INSECT SPRAY.**

A concentrated, non-poisonous, rotenone-pyrethrum spray with penetrant. For chewing and sucking insects. Requires no soap, carries its own spreader. 1 oz., 35c; ¼ pint, 75c.

**SCALEACIDE.**

A complete dormant spray for San Jose scale and other Orchard pests. 1 quart, 65c; 1 gallon, \$1.50.

**INSECTICIDES****SNAROL.**

A meal ready for immediate use. Non-injurious to plants. For snails, grubs and cutworms. 1 pound, 25c; 4 pounds, 85c.

**SUNOCO SPRAY OIL.**

A missable oil for dormant spraying of shade and fruit trees. 1 gallon, \$1.25; 5 gallons, \$5.00.

**TREE TANGLEFOOT.**

A paste preparation painted around the trunks to keep caterpillars, etc., from crawling into the trees. 1 pound, 60c; 5 pounds, \$2.75; 10 pounds, \$5.25.

**TREE WOUND PAINT.**

For painting cuts and scars to prevent decay. 1 gallon, \$2.75.

**WEED KILLER LIQUID.**

For applying in liquid, to kill weeds in walks and driveways. 1 gallon, \$1.50; 5 gallons, \$6.50; 10 gallons, \$11.50.

**WILSON'S O. K. PLANT SPRAY.**

Will destroy aphids, red spider, lace fly and other soft bodied insects. 1 gallon, \$3.00; 5 gallons, \$12.00.

*Troy's Perfection Lawn Seed*

**Lawn Grass Seed****TROY'S "SHADY" PERFECTION FORMULA.**

A splendid mixture containing South German Bent, which does well in shady places and can be sown in sunny spots with good results. This formula has been used by us in our Landscape work for years, and the results prove its merit beyond question. 1 pound, 70c; 5 pounds, \$3.40; 10 pounds, \$6.60; 20 pounds, \$12.80; 100 pounds, \$60.00.

**TROY'S PERFECTION FORMULA.**

Another ideal mixture, planned to give the results desired by every home owner, a permanent turf of a medium texture that will withstand our climate conditions. This formula is the one used in all our Landscape work, except where shady conditions exist, and the results speak for its quality. 1 pound, 60c; 5 pounds, \$2.90; 10 pounds, \$5.60; 20 pounds, \$10.80; 100 pounds, \$50.00.

**TROY'S SPECIAL FORMULA.**

This mixture has been developed where a more rugged turf is required, and has been highly successful in Parks and Playgrounds. The same high quality of seed is used, and a number of clients choose it for their home grounds. 1 pound, 50c. 5 pounds, \$2.40; 10 pounds, \$4.60; 20 pounds, \$8.80; 100 pounds, \$40.00.

<b>SOUTH GERMAN BENT.</b>	1 lb., \$1.25
<b>WHITE CLOVER.</b>	1 lb., 75c; 5 lbs., \$3.65
<b>KENTUCKY BLUE GRASS.</b>	1 lb., 40c; 5 lbs., \$1.90
<b>FANCY RED TOP.</b>	1 lb., 35c; 5 lbs., \$1.50

---

## Garden Accessories

We handle and install the following materials used in conjunction with the Landscaping of the Home Grounds.

**FRENCH FENCING.**

We carry in stock both French Woven Wood Fence and French Cleft Chestnut Fence in three heights: 3' 10"; 4' 11"; and 6' 6"; and will be pleased at any time to quote upon same delivered, or delivered and erected.

**BLUE STONE.**

We are in a position to supply a top grade of Blue Stone at all times for surfacing driveways.

**FLAGGING.**

We stock both slate and flag flagging for terraces, stepping stone walks, etc.

**GALLOWAY TERRA COTTA.**

Bird Baths, Benches, Sundials, Window Boxes and Pots.

**GRANITE CURBING.**

Granite ashlers for edging driveways, produces an attractive permanent curbing, blending with the landscaping.

**RYERSON "ESTATE" ROAD AND GARDEN CURBING.**

A steel edging held in place with steel pins, producing a clean cut edge for the drive or walks. Keeping the gravel in its proper place, always neat in appearance. Descriptive leaflet mailed on request.

**TENNIS COURT CLAY.**

Quality Clay for top dressing Tennis Courts may be procured in any quantity desired. We also specialize in building Tennis Courts of merit.

---

## Berry-Bearing Trees and Shrubs

This selection includes many of our most highly prized ornamental trees and shrubs, consequently, they are always valuable whenever planted.

They also have another important value in that they produce to a great extent the winter's food supply for thousands of birds.

All lovers of bird life should plant these liberally, you will be well repaid any slight cost and trouble by the welcome sight of greatly increased numbers of our little feathered folk around. To obtain best fruiting results they should be planted in groups of not less than three of a sort as many of them are sexual plants.

For your convenience we have marked with an asterisk (\*) those varieties producing berries in abundance that the birds seem to be partial to.

**BERRY BEARING**

- Amelanchier canadensis*, black, 15'-20'  
*Ampelopsis heterophylla* (vine) blue, 15'-20'  
 \* *Berberis thunbergii*, red, 4'-5'  
*Calicarpa purpurea*, mauve, 4'-5'  
 \* *Cornus alba*, white, 8'-10'  
 \* *Cornus florida*, red, 15'-25'  
*Crataegus crus-galli*, red, 15'  
*Cotoneaster horizontalis*, 1½'  
 \* *Cotoneaster simonsi*, red, 5'-6'  
 \* *Euonymus alatus*, red, 9'-10'

# TROY'S<sup>FOR</sup>TREES

(REG. U. S. PAT. OFF.)

## OUR BUSINESS PRACTICES

**B. & B.** indicates that all plants so marked are sold Balled and Burlapped. Deciduous trees and shrubs not marked B. & B. will be Balled and Burlapped when requested by the client in accordance with the schedule of charges appearing on page ONE.

**CHARGE ACCOUNTS** will be gladly extended to all customers who care to establish proof of responsibility.

**PRICES QUOTED** are for stock delivered on the clients' grounds within the local limits of either Nursery. A nominal charge is made for deliveries outside of this area. But do not include the cost of planting which is borne by the purchaser.

Our one year guarantee is contingent upon the plant material being planted by our nurserymen, and the settlement of the account within sixty days of invoice date. The customer to pay the cost of delivery and planting of replaced plants. We guarantee all stock to be true to name and will replace free any proven otherwise.

**PRICES** in this catalogue cancel all previous lists and quotations and are subject to change without notice. **FIVE** of the same variety and size are sold at the ten rate. **TWENTY-FIVE** or more of the same variety and size will be furnished at the hundred rate.

<p><b>DEDUCT 15% from the 10 RATE to obtain the 100 RATE</b></p>
--

Specimen plants personally selected at the Nurseries will be sold at prices commensurate with their value, irrespective of listed prices.

If your requirements call for items not listed or sizes not quoted, please communicate with us, and we will endeavor to estimate upon your needs.

## PLANTING SEASONS

Subject to slight variations according to climatic conditions.
